#### 5. CONSOLIDATION

##### a. Wrap-up

- Teacher asks students to talk about what they have learnt in the lesson.

##### b. Homework

- Do exercises in the workbook.
- Start preparing for the Project of the unit:
  - Ask Ss to open their books at the last page of Unit 4, the Project section, look at the picture and say what the topic of the project is (An urban area)
  - Explain the project requirements: Ss will have to do research on an urban area in Viet Nam that has been created through urbanisation and then give an oral presentation to report the results of their research. Ss should interview three people from different generations and ask the questions in the table. In stronger classes, they can add more questions. Ss can choose different ways to present their findings (e.g. PPT presentation, poster presentation, video recording). Encourage Ss to use photos and / or illustrations to support their ideas.

- Put Ss into groups, and have them choose their group leader. Then ask them to assign tasks to each group member (e.g. doing the research, combining the collected information, combining and synthesizing the information, writing the scripts, preparing the slides, and delivering the presentation), making sure that all group members contribute to the project.
- Help Ss set deadlines for each task and support them throughout the process.
- In each of the next lessons, spend a few minutes checking Ss progress, helping them with any topic-related or functional language they need, (e.g. words and phrases to describe features of an area: remote, disadvantaged, poor infrastructure, modern, living conditions, job opportunities, ...) and solving any other problems that may arise with their projects.

##### 1. Knowledge

- Use the lexical items related to the topic *urbanisation*
- Use Present perfect (review and extension) and double comparatives to show changes in a neighbourhood.
- Use unstressed words in connected speech

##### 2. Competences

- Develop communication skills
- Be collaborative and supportive in pair work and teamwork

##### 3. Personal qualities

- Be proud and respectful of the country's development
- Actively join in class activities

#### II. MATERIALS

- Grade 12 textbook, Unit 4, Language
- Computer connected to the Internet
- Projector / TV

#### Language analysis

Form	Pronunciation	Meaning	Vietnamese equivalent
afford (v)	/ə'fɔ:d/	to be able to buy or do something because you have enough money or time	
expand (v)	/ɪk'spænd/	to increase in size, number, or importance, or to make something increase in this way	
housing (n)	/'haʊ.zɪŋ/	buildings for people to live in	
seek (v)	/si:k/	to try to find or get something, especially something that is not a physical object	
unemployment (n)	/ʌn.ɪm'plɔɪ.mənt/	the number of people who do not have a job that provides money	

#### Unstressed words in connected speech

In connected speech, most grammatical

words are not usually stressed. These words include:

- articles: a, an, the
- prepositions: above, for, of, to, until, etc.
- personal pronouns: I, you, we, they, he, she, it
- possessive adjectives: my, your, our, their, her, his, its
- auxiliary verbs: be, have, do, etc.
- conjunctions: and, but, or, etc.
- modal verbs: can, will, etc.
- the expressions: there is, there are, etc.

### Present perfect (review and extension)

- We use the present perfect to describe something that started in the past and is still happening now, or something that was completed in the very recent past.

Example:

A lot of young people have moved to big cities to work or study.

- We also use the present perfect to say how many times something has happened with the following structure:

It/This/That + be + the first/the second time + Subject + have/has (done)...

Example:

This is the second time I have visited this city.

It is not the first time I have heard about urbanisation.

- We often use the present perfect for a unique experience with the following structure:

It/This/That/Noun or Gerund phrase + be + the best/the worst/the only/the most beautiful/ ..... + Subject + have/has (ever done) ...

Example:

That is the worst meal I have ever had in this city.

Moving to the city is the best decision my parents have ever made in their life.

### Double comparatives to show change

- We use double comparatives to show change.

Example:

Towns are getting bigger and bigger.

The air is becoming more and more polluted.

There are more and more high-rise buildings in the city.

- We also use double comparatives to say that two things change together.

Example:

The bigger the city gets, the more crowded it becomes.

The more we invest in rural areas, the more we can help people there.
