TRANSCRIPT:

PART 1: You will hear Steven talking to his grandfather. For each question, fill in each numbered blank with ONE word or a number. You will hear the conversation twice.

Can I ask you some questions, Grandpa? I need to talk to an older person for my history homework.

Yes. What do you want to know?

Well, first... Sorry, but I need to ask you. How old are you, Grandpa?

OK. Now, let's see. Eighty-five, is it? No. No. Eighty-six now, I'm afraid.

And your name, Grandpa? Walter. How do you spell that?

Yes. Ready? It's W-A-L-T-E-R. Right. What's next, then?

Well, where did you live when you were a child?

Oh. I lived in a small flat with my family in South London.

So did you have a big family then, Grandpa?

Yes. Very big. I didn't have any sisters, but I had five brothers, and then my parents, of course.

Wow! That is a big family. And what job did you do, Grandpa?

Oh, well, I've had lots of jobs.

But which was your favourite?

My favourite? Well, that'd be when I was a fireman. But before that, I was a mechanic. That was the first job I did.

Oh, and what about hobbies, Grandpa? Well, when I was younger, I liked going into the garage and driving the expensive cars, of course. But these days, I just like sitting at home and looking at my old stamps.

PART 2: Listen to a talk about healthy eating habits for active teenagers and choose the correct answer A, B, C, or D. You will hear the talk twice.

Healthy eating habits for active teenagers

Many lifestyle changes happen when you're a teenager. You can start making your own choices about what you eat and drink. Healthy eating can help you feel fit, be happy and do well at school. But how? We answer your questions.

1. Can I eat chocolate and cake?

Yes, you can. You can still have all your favourite foods and drinks – cola, chocolate, cake and crisps. But these are all high in fat and sugar. Don't eat a lot of these things.

2. How much water do I need to drink a day? There aren't any rules, but try and have six to eight glasses a day. Water and low-fat milk are good options. This quantity increases if you play sports or do workouts. Don't drink a lot of fruit juice. Remember, juice is high in sugar.

3. Is there any fat which is good for you? Yes, some fats give you energy and help your body get important vitamins. There are healthy fats in nuts, eggs, olive oil, fish and avocados. Fish, avocados and dark chocolate can help you think. But don't eat a lot of fast food - it's got a lot of unhealthy fats.
